**BAILEY LANE PARTIAL CLOSURE FOR INSTALLATION OF
TRAFFIC MARKINGS**

PURCELLVILLE, Va. May 8, 2017— On Thursday, May 11, 2017, the Town of Purcellville’s Contractor, R J Merkel, will be installing traffic markings on Bailey Lane beginning at 8 pm. The reason for this work is to improve parking conditions and pedestrian safety. At the conclusion of this work, there will be approximately 55 marked spaces on Bailey Lane for on-street parking. Parking is restricted in certain locations and drivers are expected to follow all curb markings and signage along the roadway. In addition, a double-yellow center line will be marked to provide clear travel lanes.

Due to the nature of the work, the road will be partially closed during this activity. All vehicles should be removed from the road prior to 8pm to ensure traffic markings can be completed. The projected timeframe for this work is approximately 8 hours. Access to properties on Bailey Lane during this period will be limited, and all drivers are requested to follow the contractor’s direction to ensure the safety of all workers.

A map of the striping plan and markings is provided below. If you have any questions, please contact Public Works at (540) 338-5024.
